Bazigar Coin — Litepaper

Vision

Bazigar Coin aims to build a community-powered meme ecosystem on the Solana network focused on viral culture, creator participation, and transparent growth. The goal is to create an engaging token community driven by social creativity and fair access.

Project Overview

Bazigar Coin is a Solana-based meme and community token designed for entertainment, engagement, and community reward campaigns. The project encourages viral content, meme participation, and creator-led promotion.

Use Case & Utility

1   Community participation rewards

2   Meme contests and viral campaigns

3   Creator reward incentives

4   Holder bonus events and airdrops

5   Future staking-style reward programs

6   Community voting features (planned)

Tokenomics

1   Token Name: Bazigar Coin

2   Symbol: BAZI

3   Network: Solana

4   Launch Type: Fair Launch

5   Category: Meme / Community Token

6   Contract Address: rak1zhGkhzHReiSU8kBDLx3X9c2UVAfYsMfuGe4pump

Roadmap

1   Phase 1 — Token launch, Community setup, Initial distribution

2   Phase 2 — Token verification submissions, Listing trackers integration, Meme campaign expansion

3   Phase 3 — Creator reward campaigns, Partnerships exploration, Utility feature rollout

Risk Note

Bazigar Coin is a meme and community token created for entertainment and engagement purposes. Cryptocurrency markets are volatile and risky. Users should always do their own research before buying or participating.
